KRAFTILE DOWNS ANCIENT ENEMY, GILMORE STEEL

TOWNSHIP SOFTBALL SKED
ENDS WITH DEFEAT OF
LEAGUE LEADERS

Five months of hard-hitting, dust-biting softball addicts ended the annual series of 108 games staged by the Washington Township Softball Association with a play-off at the high school night field last week between Kraftile and Gilmore teams, both of Niles, Kraftile emerging victorious with a 2 to 0 victory.

The season's schedule ended with a play-off among the leading teams. Gilmore defeated Wedgewood in two straight games and Kraftile won from the Centerville Native Sons in two out of three. This left Kraftile and Gilmore Steel to another play-off, the deciding game coming last Thursday night. There were some stories around that it was a "finger-tip" victory for Kraftile because a Gilmore man tickled a ball with his thumb and fumbled sufficiently long to let a Kraftile man land on the home base.

According to "True-Confessions" George Sladek, local authority on all ball-ins and bawl-outs, one score for Kraftile did result from a fumble on the part of a Gilmore fielder but the other one was just plain, honest-to-goddness superior ball playing.

Anyway, the members of the victorious team are going to get a feed "and!" according to C. W. Kraft, president of Kraftile. These lucky champions are Nash A. Perry, manager; Joe Oliveira, catcher; Mark Hattenhauer, pitcher; Tony Dutra, Henry Dutra, Joe Delgado, Joe Janeiro, George Burr, Ernest Silva, Cliff Watkins, George Lorenzo, George Sweeney and Al King.

The teams in the league were Kraftile, Gilmore, Native Sons of Centerville; Wedgewood, Westvaco, Knights of Pythias, Knights of Columbus, Woodmen of the World and the County Yard Boys.

A "victory dinner" is planned for the softball blub members at the City of Florence restaurant in Niles in the near future, Manager Albert Silveria announces, at which time a handsome trophy will be presented to the winning team.

AGED NILES RESIDENT INTERRED SUNDAY

Fergus McKenna, 75, old-timer of Niles in the days when livery stables were in vogue was given final rites at the Berge Mortuary Sunday night with the Odd Fellows and the Foresters of America, of which he had been a member for more than 40 years, in charge. He was drowned at Long Beach, said to be a suicide.

McKenna retired and left Niles about 30 years ago where he left certain real estate property. Services at the Berge Mortuary were followed by burial at the Irvington Odd Fellows cemetery.

SERVICE HELD FOR LATE HANS C. EIKE

Funeral services for Hans C. Eike, father of Captain Louis A. Eike of the California Highway Patrol of this district were held Tuesday morning in Oakland. Also surviving are the following children: Mrs. Abert T. Hanson of Oakland, Mrs. Sophie I. Bithell of Folsom, Chris and Henry C. Eike of Oakland; six grandchildren, Mrs. Vena Shaw, George Chester, Mrs. Dorothy Cline, Louis Eike, Jr., Earl Eike and Doris Jane Hillje, and two great-grandchildren, Stanley Hillje and Gordon Romayn Shaw. He was a native of Norway and was 86 years of age.

Charles Frick has been elected president of the Niles Fire Department Club. Clarence Crane is the secretary-treasurer.

GIRL CHAMPS LOSE

The Alameda Girls Softball team will return to Oakland on Friday, after being in Canada and Detroit for two weeks. The girls, former champions of the world for two years, went down to defeat due to the loss of four players. Miss Willie Turner suffered a sprained back and had to remain in Toronto Canada until she was able to join the team after the title had been lost. What the girls intend to do after their return is still unknown, but they will probably attempt to regain the championship for California again next year with a complete team.

SCOUT DRIVE FOR \$5,000 BUDGET NOW UNDER WAY

CENTERVILLE — If you are one of the 800 who have received a letter from the citizens' advisory committee of the Boy Scout organization, those in charge are hoping that you have already or will mail immediately your contribution. The annual campaign will be launched following the mail campaign at which time it is hoped that the township's share of the \$5,000 budget for the Southern Division will be raised.

The Southern Division includes Hayward, Washington, Pleasanton and Livermore areas. Heading the advisory committee which is under writing the financial campaign is E. D. Bristow of Niles. Town chairmen include Frank Madruga of Centerville, Robert Blacow of Niles, J. R. Silveria of Irvington and S. G. Scott of Newark.

For the past several years money has been raised at the end of each year to pay deficits existing after the year's program has been completed. These campaigns are being gradually pushed toward the beginning of the year, according to Judge Norris, and this September campaign is designed to pay this year's expenses. It is hoped that next year's budget can be secured at a campaign to be put on in the Spring.

Any person wishing to contribute to the Boy Scout program in Washington Township is asked to mail a check to Judge Allen G. Norris, district chairman.

All scouts of the district are asked to meet at Judge Norris' office in Centerville next Wednesday night to discuss details of the year's program. Other districts are holding similar meetings at the same time.

REGISTER FOR NEXT ELECTION BY SEPTEMBER 26

Citizens who failed to vote at the August primary, or the general election in 1938, or who have changed their place of residence from one town or precinct to another, or who have come of age since 1938, are advised to register on or before September 26, if they desire to vote at the presidential election this November.

Registration books may be found at the Rees Drug Store or the Sprouse-Reitz store in Niles.

CENTERVILLE WOMAN GIVEN LAST RITES

(Special to The Register)

CENTERVILLE — Mary J. Mello, 75, of Centerville was given final rites Tuesday morning with mass at the Holy Ghost church and interment at the Holy Ghost cemetery under the direction of the Chapel of the Palms.

The deceased was a native of Fayal, the Azores. She was the mother of Olive Alves and Angie Bettencourt of Centerville and the sister of the late A. J. Rodrigues and Manuel Rogers and was a member of the S. P. R. S. I. of Centerville and the U. P. P. E. C. of Irvington.

CONSTRUCTION OF EAST SHORE HIGHWAY FROM OAKLAND TO SAN JOSE VITAL FOR DEFENSE NEEDS

Construction of the East Shore Highway from Oakland to San Jose is vital to the defense of Central California, stated A. J. Petsche, secretary of the Niles Chamber of Commerce and member of the East Shore Highway committee of Central California.

This new proposed free-way would provide fast and adequate means of communication between the vast naval development now underway in the Metropolitan Oakland Area and the other arms of national defense at San Jose, Salinas, Monterey, and cities in the San Joaquin Valley.

It was pointed out that the East Shore Highway would eliminate one of the most congested traffic arteries in California. East Twelfth Street, Oakland, is carrying more than 40,000 vehicles during a 24-hour day and is second only to Wilshire Boulevard in Los Angeles.

"Wilshire Boulevard in Los Angeles was constructed to carry thousands of automobiles," stated Petsche, "while East Twelfth street in Oakland was not. Traffic counts reveal that the per lane traffic load on East Twelfth street is slightly in excess of 11,000 vehicles during a 24-hour day, which traffic safety engineers declare is too high for public safety."

The first step in the elimination of this congested arterial already has been taken with the purchase of right-of-way for the East Shore Highway from Seventh and Cypress streets to Fiftieth Avenue, Oakland. Approximately \$1,000,000 has been spent by the State of California and the City of Oakland in buying the right-of-way it is said, and funds now are needed for construction.

"With the elimination of this highly congested area in Oakland" Petsche stated, "there would be a

free movement of traffic between the Metropolitan Oakland Area and points in the San Joaquin Valley, Salinas Valley and the Monterey Peninsula. Trucks carrying produce and other farm products from these communities would reach the markets and packing houses of Oakland without delay, increasing the profit of the growers.

"Vacationists from the Metropolitan Oakland Area would reach vacation spots on the Monterey Peninsula and in the Santa Cruz Mountains with greater ease than at present. In addition, this new free-way would induce more residents of the Metropolitan Oakland Area to vacation at those places."

CENTERVILLE YOUTH FIRST TO ENLIST IN ARMY AIR CORPS

CENTERVILLE — Fire Chief Fred Rogers and Mrs. Rogers of Centerville said "au revoir" to their son, Fred, Jr., 22, Monday morning as he left for Glendale, the first Centerville boy to enlist in the U. S. Army Air Corps since the beginning of the present National defense program.

KRAFTILE DINNER

The 13 members of the Kraftile niteball team which just won the Washington Township championship, will be guests of Manager C. W. "Chuck" Kraft this evening, which is Friday the 13th., at a cafe on Treasure Island, Mr Kraft announces.

MUSIC GROUP TO MAKE PLANS MONDAY NIGHT

MANY ORGANIZATIONS
EXPECTED TO ATTEND
PROGRESS MEETING

All music lovers of Washington Township are urged to attend a meeting called by John E. Kimber of Niles, president of the Southern Alameda County Musical Association at the Hayward Union High School, Room 20, on Monday night September 16, at 8 o'clock.

The purpose is to make further definite plans for the year's program to be directed by Glenn H. Woods and Frank Mancini, widely-known directors of vocal and instrumental music. Mr Woods is director of music in the Oakland public schools, conductor of the University of California Glee Clubs and has been guest conductor at many famous musical festivals in various parts of the United States. Mr Mancini, conductor of the famous Modesto High School band and Modesto Symphony Orchestra is also instructor in instrumental music at the University of California, Summer session. He was formerly a member of Sousa's and other well-known bands and symphony orchestras.

Approximately 200 organizations are expected to be represented at the meeting next Monday, according to Mrs. Nellie Gordon of Hayward, executive secretary of the association who has been contacting "talent scouts" in San Leandro, Hayward, Washington Township, Livermore and Pleasanton for the past two months.

The annual dinner of the association is scheduled for September 30, at the Burbank Grammar School at Hayward. The purpose of this affair is to present Mr Woods and Mr Mancini who are to train groups for a series of Winter concerts. The first rehearsal will be held on October 7 at the Hayward High School where practice meetings will be held. All those interested in singing in the chorus or in playing in the band or orchestra are urged to attend the meeting at Hayward next Monday night.

BONDES LEAVE NILES TO ENROLL SON IN HARVARD UNIVERSITY

Mr and Mrs George Bonde and son, George, Jr., left Sunday aboard the streamline train, The City of San Francisco, for the East where George, Jr., will enroll at Harvard University. He graduated last June from Washington Union High School where he was an honor student and one of the speakers on the school's first outdoor commencement exercises. He expects to return to Niles for the Christmas holidays.

The Bonds were honored at a farewell party at the home of Mr and Mrs E. A. Ellsworth Friday night. Mr and Mrs Bonde will visit New York, Philadelphia and other Eastern cities before returning home next month.

Floyd Parton Brown, past district governor of District No. 104 of San Jose was scheduled to address the Niles Rotary Club at its luncheon meeting at the Hotel Belvoir yesterday.

He will enter a three-months training course for enrollment with the Flying Cadets of the U. S. Army Air Corps. He graduated from Washington Union High School and San Jose State College in 1939.

COUNTY VINTNERS EARN AWARDS AT STATE FAIR

Alameda County wine men scored a new high in competition at the 1940 California State Fair, it was revealed today by the Alameda County Development Commission, the organization handling the county's State Fair exhibit.

Gold Medals were won by the following wineries: Wente Brothers, Livermore, on Sauvignon Blanc, Ugni Blanc, Chablis and Chateau Yquem; Darrow Wine Co. Mission San Jose, on Hock and Haut Sauterne; Castlewood Winery, Centerville, on Claret; and Garatti Winery, Pleasanton, on Zinfandel.

Silver Medal awards went to Paul Rhodes, Hayward, on Chateau; Los Amigos Winery, Irvington, on Claret; Ruby Hill Vineyards, Pleasanton, on Muscatel de Bordelaise; Darrow Wine Co., Mission San Jose, on Sherry; Cresta Blanca Wine Co., Livermore, on Sparkling Moselle and Sparkling Burgundy.

Bronze Medals were awarded to Wente Brothers, Livermore, on Sauterne and Claret; Darrow Wine Co., Mission San Jose, on Chateau; and Paul Rhodes, Hayward, on Port.

Sixteen fourth awards or honorable mention ribbons also went to Alameda County vintners.

AUTO ACCIDENT INTERFERES WITH TRIP TO JAPAN

Kawaguchi, faithful servant in the George C. Roeding family for nearly a half century and his wife were to leave last Saturday for a visit to Japan. Instead they were in the Fairmont hospital as a result of an auto accident at Machado's Corners in which four persons were injured. They are both reported improving satisfactorily, however.

The collision occurred between automobiles driven by Sadaichi Kawaguchi, 61, and Arthur F. Travels, 27, of Centerville, according to State Highway Patrolmen Arthur Krause and Arthur Larsen.

Kawaguchi suffered a head injury and lacerations and his wife, Mrs. Haruyo Kawaguchi, 46, had a broken arm and cuts and bruises. Travis suffered lacerations and abrasions while a passenger in his automobile, Richard DaValle, 16 had a bad eye injury and a fractured jaw. All were taken to Fairmont, Travis later being transferred to the Peralta hospital.

byterian Church. The party will
take place of the regular weekly
devotional and discussion meet-
ings, and indications are that a
large and enthusiastic group will
join for the affair.

In connection with the party
the society will have a business
meeting at which new officers for
the fall and winter will be elected.
The "Back to School" party is be-
ing planned by the society spon-
sors, Miss Lois Blacow and Miss
Anna May Fyffe.

Christian Science Churches

"The Spirit itself beareth wit-
ness with our spirit, that we are
the children of God; and if chil-
dren, then heirs; heirs of God, and
joint-heirs with Christ." These
words from Romans comprised the
Golden Text used Sunday, Septem-
ber 8, in all Churches of Christ,
Scientist, branches of The Mother
Church, The First Church of
Christ, Scientist, in Boston Mass.

The subject of the Lesson-Ser-
mon was "Man." Included among
the Scriptural selections was:
"Thou hast dealt well with thy
servant, O Lord, according unto
thy word. . . Thy hands have made
me and fashioned me: give me
understanding, that I may learn
thy commandments" (Psalms 119:
65, 73).

The following passage from the
Christian Science textbook, "Sci-
ence and Health with Key to the
Scriptures" by Mary Baker Eddy,
was also included: "In Science
man is the offspring of Spirit. The
beautiful, good, and pure consti-
tute his ancestry. His origin is not,
like that of mortals, in brute in-
stinct, nor does he pass through
material conditions prior to reach-
ing intelligence. Spirit is his prim-
itive and ultimate source of being;
God is his Father, and Life is the
law of his being" (p. 63).

CENTERVILLE CHURCH
PLANS MANY EVENTS

day for the parish, according to
Father Flatley, pastor of both
churches.

ROTARIANS HEAR
OF BEGINNING
OF VITICULTURE

Beneficial results from advertis-
ing in the sales of California wines
were recited by Ernest Wentz of
Livermore at last Thursday's meet-
ing of the Niles Rotary Club. He
outlined the romantic history of
the introduction of wine grapes
into this country from Europe and
told of the laws which make Cali-
fornia wines the best in this coun-
try.

State laws prevent the use of
sugar in wines made here. Other
states use berries, other fruits and
even dandelions as a basis for
their wines, Wentz said. He com-
plimented the Wine Institute for
its advertising campaign which
last year increased the sale of Cal-
ifornia wines 33 per cent.

The first wine grapes were
brought from Europe by an Aus-
trian nobleman, Haraszthy in 1852
100,000 cuttings being imported.
Charles Wetmore brought cuttings
from France to plant a 400-acre
vineyard thirty years ago. Today,
California's wine output is near
50,000,000 gallons per year.

Wentz urged the use of wines as
a part of the family menu, claim-
ing that children accustomed to
wine as a part of the family meals
seldom develop into adult drunk-
ards.

PLAY CENTER GROUP
TO MEET NEXT
WEDNESDAY NIGHT

CENTERVILLE — Organization
of a mothers' advisory committee
for the proposed pre-school play
center at the Centerville Grammar
School will take place next Wed-
nesday night, September 18, at 8
o'clock at the school. All those in-
terested in the organization are
urged to be present, according to
Miss LaVon Sorensen who called
the meeting this past week.

Quarters are being sought to
house the play center until the
first of the year when the new
school will be completed. The Jap-
anese school was offered free of
charge but because of conflict with
afternoon classes this was found
not to be practicable.

Rathbone.

FORMER NEWARK LAD
GETTING AHEAD IN
MAJOR BASEBALL

NEWARK — Robert Knobles,
former Newark Grammar School
and Fremont High School grad-
uate will not be with the Pampa
Oilers next season. The popular
little fly chaser will be with the
Idaho Falls Spudders, a New York
Yankee Farm in Class B competi-
tion next season. Word of Knobles
recall by the Yankees was con-
tained in a letter received last
week by Manager Harold Miller.

When the Oilers signed Knobles
the Yankees saw fit to keep a
string on him, and they have de-
cided to exercise their right of re-
call. They think Knobles has a fu-
ture in baseball and should be able
to go in higher company next sea-
son. The Pampa Oilers wish him
luck.

ANNUAL OUTING

ALAMEDA COUNTY
WINS CASH AWARD
AT STATE FAIR

Alameda County placed in the
first division at the California
State Fair at Sacramento, winning
a \$300 cash prize for an outstand-
ing exhibit, according to word re-
ceived from the State Agricultural
Society.

Designed by N. W. Armstrong,
executive secretary of the Ala-
meda County Development Com-
mission, the exhibit included dis-
plays of flowers, vintages, honey,
fruit, vegetables, clay products,
nuts, limes, etc. Thousands of peo-
ple expressed themselves as de-
lighted with the Alameda County
display this year.

Individual awards for county
growers were numerous. Among
the winners was Williams Brothers
of Centerville on tomatoes, etc.
The county won second sweep-
stakes on dry wines, being de-
feated by Napa County for first
position by only a few points.

Commenting on the county dis-
play, Stewart Meigs, President of
the California State Fair, stated
that Alameda County offered one
of the most educational displays
in the entire Fair, bringing out the
real advantages and value of the
resources of California's third lar-
gest county in population and wealth

WARM SPRINGS THESPIANS OFFER PLAY TONIGHT

WARM SPRINGS — The Warm Springs Community Players who have established an enviable reputation for themselves as amateur entertainers during the past two years will present their newest play, "The Lighthouse by the Sea" at the Warm Springs Grammar School tonight, Friday. On Sunday, they will repeat the performance at Treasure Island.

Niels Nielsen, the "shylock" of the P. T. A. play at Niles several months ago is playing one of the principal roles as the old sea captain. His daughter, Vivian Addotto plays the romantic lead opposite Bert Dutra, nephew of Eleanor Dunbar, a wealthy island visitor. John Cattaneo of Niles is to be the old fisherman; Melvin Leal, the fisherboy; Rose Ramos, sister of the captain, Aunt Becky; Beatrice Lawrence, daughter of the island's wealthy visitor; Alvin Silva, a State trooper and Reuben Ramos the yacht steward.

The play is being directed by Berkeley Buckingham, WPA recreation employee.

NILES MISS TO SING AND DANCE AT EXPOSITION

Little Miss Beverly Ann Russo, 3 year old daughter of Mr and Mrs Salvador Russo of Niles will sing and dance at the Golden Gate Exposition, at the Little Theater at 2 o'clock on Thursday afternoon September 26.

Beverly Ann is a pupil of the Gordon Keith Dance Studios which is putting on the show. She also is a singing pupil of Oliver Campos. Niles will be represented by the little Miss.

SECOND BIRTHDAY

ALVARADO — Master Robert David celebrated his second birthday at a party given by his Mother, Mrs Joseph Edwin Dutra, Tuesday afternoon at their home on Vallejo street. The Fifth Column Worker

By H. I. PHILLIPS

HE TAKES all America has to offer with a smile and awaits a chance to return the favor with a machine gun.

HE COILS in the flag, hides in the quartet singing the national anthem and crouches behind the Bill of Rights.

HE ACCEPTS your invitation to dinner and makes a mental blueprint of your home so he can return and snatch the silver.

HE LETS you help him on with his coat while he plans to steal your shirt.

HE LETS you pay his golf fee while he figures out how much powder it would take to blow up the clubhouse.

HE BECOMES your week-end house guest and spends most of the time estimating how good a target for bombers the children's bedroom would make.

HE APPLAUDS America First programs and laughs himself to sleep over the fact his face didn't betray him.

HE STANDS when "The Star-Spangled Banner" is played, but eases his conscience by assuring himself that he was tired of sitting, anyhow.

HE LOOKS like a man, but performs like a rattlesnake.

HE SHAKES your hand while his wandering eye measures you for a knife in the back.

HE IS THE SKUNK that walks like a man, the hyena that waltzes like a patriot and the rat that masquerades as a human being.

HE EXPRESSES astonishment at the genius of American industry, but puts in plenty of time reporting back to the enemy on weak spots for attack.

HE NOT ONLY BITES the hand that feeds him, but eats the other hand for dessert.

HE SAYS, "It can't happen here," while planning to help the enemy do it.

HE IS THE KIND of rodent who would accept help from the good Samaritan, ask the Samaritan to wait for him in the corner drug store and then bomb the drug store.

HE RENDERS evil for good, thinks the doublecross is the noblest work of man and eats with his knife because he never wants to have to depend on a fork when the time comes to stab his host.

AIRMAIL SERVICE OBSERVES ITS 20TH ANNIVERSARY

Last Sunday marked the 20th anniversary of the establishment of the first transcontinental airmail service, it was disclosed today by Postmaster Edward E. Enos.

The first schedule on the pioneer airway between San Francisco and New York called for 63 hours, flying the mail during the daytime and putting it aboard trains at night. By contrast, Postmaster Edward E. Enos pointed out, today's modern transports fly the same route in 15 hours and 43 minutes.

The first planes of 20 years ago were powered with single 400 horsepower Liberty engines and their capacity was only 400 pounds of mail. Modern planes are powered with two 1,200 horsepower motors and carry 21 passengers in addition to 6,500 pounds of mail, express and baggage. Early letters cost 24 cents an ounce in comparison with 6 cents now.

The FARMERS CORNER

Conquest, Slaughter and Death are riding rough-shod over the nations of Europe.

And the missing Third Horseman of the Apocalypse—FAMINE—is only waiting for Winter!

According to confidential advices reaching official Washington, there is a period ahead in Europe which will mark an era of the starkest misery and wretchedness which civilization has ever witnessed.

The United States also, of all the nations on the face of the earth, can relieve it — and this country, if it seeks to feed all the starved, forsaken peoples of the dictator-dominated nations, may end up holding the bag, with Hitler and Mussolini holding the swag.

That is the predicament confronting the United States of America — and the American farming industry, which may be called upon to produce, as it never produced before, to save a starving famine-stricken universe.

Briefly, here is the story:

ENAMELERS AND DEAD END KIDS SEEK FIRST PLACE

FINAL GAMES BEING
PLAYED THIS WEEK
FOR NEWARK TITLE

NEWARK — The scores of the Cooperative Volleyball league games played last week were as follows: On Wednesday evening, in the first set of games, the Dead End Kids downed the Newark Sportsmen Club in three games by scores of 15 to 2; 15 to 9; and 15 to 4. In the second set, the Newark Fire Department was credited with three straight games due to the fact that the Westvaco team was unable to put six of their own players on the floor. The Newark Firemen won the last game, 16 to 14; but due to these forfeit games, the Firemen still got credit for the three games. The star played Wednesday night was Ralph Sarmiento for the Dead End Kids.

On Thursday evening, in the first set of games, the Newark Rod and Gun Club made a clean three game sweep from the Newark Fire Department by scores of 15 to 12; 16 to 14; and 15 to 8. In the second set of games, the Newark Enamelers won three easily played games from the Newark Sportsmen's club by scores of 15 to 4; 15 to 8; and 15 to 3. Star player Thursday night was Bill Ruskofsky, manager for the Newark Rod and Gun Club. The Newark Fire Department and the Newark Sportsmen's club ended the volleyball league Thursday evening by a tie for last place; while the Newark Enamelers and the Dead End Kids seem to be having a little trouble taking the lead for first place in this league.

Final games played this week were Wednesday evening: Dead End Kids clash with the Newark Rod and Gun; while the Newark Enamelers battle it out with Westvaco. In case two teams should end in a tie for first place, elimination games must be played to see who will be the winner for the Cooperative Volleyball title. The winner of this league will also receive a gold cup.

Europe's main crops have been poor. Harvests which would have ripened in the late Summer have been destroyed by rifle, artillery fire and tanks. What food remains has been turned over to the armies. Millions of farmers have been forced to abandon their farms and gardens.

Storekeepers of Norway, Denmark, Holland and Belgium have been robbed of their supplies by Nazi soldiers, who forced them to give away their produce in exchange for Nazi paper money, of little or no value.

Holland's meadows will be ruined for years to come due to flooding in a desperate, futile effort to stop Hitler's armies. Belgium's industrial area, which converted raw materials into finished products, is in ruins. Denmark's cows, which lived primarily on a diet of alfalfa cubes, imported from the Argentine and from Manchukuo, are being slaughtered for lack of food to feed them. An exceptionally cold Winter froze the Danish potato crop, making a bad matter worse. And their fisheries can't operate to any extent, due to the fact that their most productive fishing waters are mined.

Poland is completely bereft with production at a complete standstill. France, under the heel of the conqueror, is faced with famine conditions in early Fall.

And no matter what the outcome of the immediate conflict, Europe's millions will still be standing guard, when Winter comes, instead of marketing their Summer harvests.

The United States, always sympathetic to people in distress, may feed a starving world, as it did once before. But it may pay for it much more dearly than it paid in the disastrous post-war depression period which followed the first World War.

That's the dilemma which confronts America as the Third Horseman prepares to ride again!

CENTERVILLE GETS FIRST WAR REFUGEES

CENTERVILLE — Street lights are "many moons" to little Shirley Jones who with her mother, Mrs. Harold Jones, recently of Liverpool, England arrived last week at Centerville as the township's first war refugees. They are residing with Mrs. Jones' sister, Mrs. Arnold Nash and Reverend Nash, new pastor of the St. James Episcopal Church. Mrs. Jones' husband is a member of the Royal Air Force in England.

After a year of black-outs, little Shirley, aged four, had forgotten there could be lights at night but unfortunately has not forgotten that the wail of a siren means danger. After a few weeks in the township's pleasant country peace, she will probably cease to be awakened by the siren of a passing highway patrolman.

Mrs. Jones and her daughter left Liverpool about five weeks ago, before the beginning of the great German bombardment and their crossing on the Cynthia was a comparatively uneventful one. The British people, according to Mrs. Jones, are optimistic because they have never once entertained the possibility that they might lose the war.

Reverend and Mrs. Nash and son, Keir, also aged four, left England last year before the beginning of the war. He was a minister in the Church of England and secretary of the Moral Welfare Council and a member of the Archbishop's committee for Pastoral and Medical Cooperation. Since coming to this country he has taught at Berkeley, New York, in the New Haven Divinity School, at Yale University and at the Pacific School of Religion at Berkeley. This past Summer he taught at the Union Theological Seminary in New York. This year he will teach at the Episcopal Divinity School at Berkeley and will assist Bishop Block with the work in the diocese in addition to serving as pastor of St. James church here. Both he and Mrs. Nash lecture on topics of family relations.

ENLISTMENTS IN AUGUST REVEAL 50 PERCENT INCREASE

According to Lieutenant George J. Dover, Jr., recruiting officer for the East Bay and surrounding cities, the United States Army has shown a great increase in enlistments. The figures for August show an increase of 50 percent over June and July. Lieutenant Dover says that this is due to the fact that many men have realized the advantages offered by their Army. Recruits are daily taking advantage of the opportunities offered by the 53rd Infantry, located at Fort Ord, Salinas, California, as well as the Coast and Field Artillery throughout the West Coast.

A few vacancies still exist in the Air Corps at various fields for men with a high school education or a journeyman in some mechanical trade who is interested in aviation mechanics. Applicants may secure further information from personnel in the "Silver Truck" which is on the streets of Oakland daily, or apply in person to the Army recruiting Station, Room 219 Post Office building, Oakland. Men joining the Army at present have the opportunity of choosing their own branch of service provided a vacancy exists in that branch of service.

HALLOWEEN PARTY

The Martha Sanford Circle of the Niles Congregational church will have a Halloween party for members at the church guild rooms on Friday night, October 11. Mrs. Dick Greenfield will have charge of the program and Mrs. John Galvin, hostess, will appoint a committee to attend to the refreshments. A short business meeting will precede the party to take the place of the regular session which is usually held on the first Friday afternoon of each month.

IRVINGTON P. T. A. INTRODUCES ITS NEW OFFICERS

IRVINGTON — New officers were introduced at a meeting of the Irvington P. T. A. held last Thursday night with Mrs. George Scamman, president in charge. The program for the year was presented by Mrs. William Hirsch, Jr.

Mrs. Caroline Brown was appointed to take charge of the cafeteria with Mrs. Bessie Olace as P. T. A. chairman of the project. The following Class Mother Chairman were introduced: Mrs. Marie Silveria, eighth; Mrs. Ruth Mahaffy, seventh; Mrs. Labourne, sixth; Mrs. Plexoto, fifth; Mrs. Minnie Silva, fourth; Mrs. Linda Kraft, third; Mrs. Mary Freitas, second. The first grade appointee will be made later.

Mrs. Scamman reported on the recent Phoebe Hearst Council meeting at Irvington, the next to be held at Tennyson on October 17. She also reported on the swimming pool project and announced the next meeting for October 3, at 2:30 o'clock.

CENTERVILLE LIONS SEEK MORE LIGHTS FOR CITY'S STREETS

CENTERVILLE — Centerville Lions resumed meetings at the Black and White Restaurant Tuesday night after a vacation of several weeks. President Jos Adams' first official act was to appoint a committee to make a survey for additional street lights for which the Alameda County Board of Supervisors will be asked. On the committee are Harold DeLeon, Frank Madruga, Dallas Paul, Joe Bauhofer and Capt. T. O. Oaks. Entertainment for the evening was furnished by Miss Alice Hegen, vocalist, of the California Inn, accompanied by Jack Ford, pianist, former radio partners. An invitation to attend a barbecue to be given at the California Nursery Company's Old Adobe on Thursday night, Sept. 19, was extended by Past President George Smith of the Niles Rotary, Clarence Crane and Lester Burdick, and was accepted by the Lions.

Past President Erle Hygelund was presented with a pin and G. V. Anderson was initiated as a new member by Judge Allen G. Norris.

Alvin Morse was named program chairman for the year. A report of the international convention of Lions at Havana was given by Chick Santos. He and Mrs. Santos made the trip to the Southern island city.

F. H. A. PLAN REDUCES TAX DELINQUENCIES

The Federal Housing plan of home financing was believed largely responsible for the low tax delinquency record established in this county during the past fiscal California district office of the Federal Housing Administration.

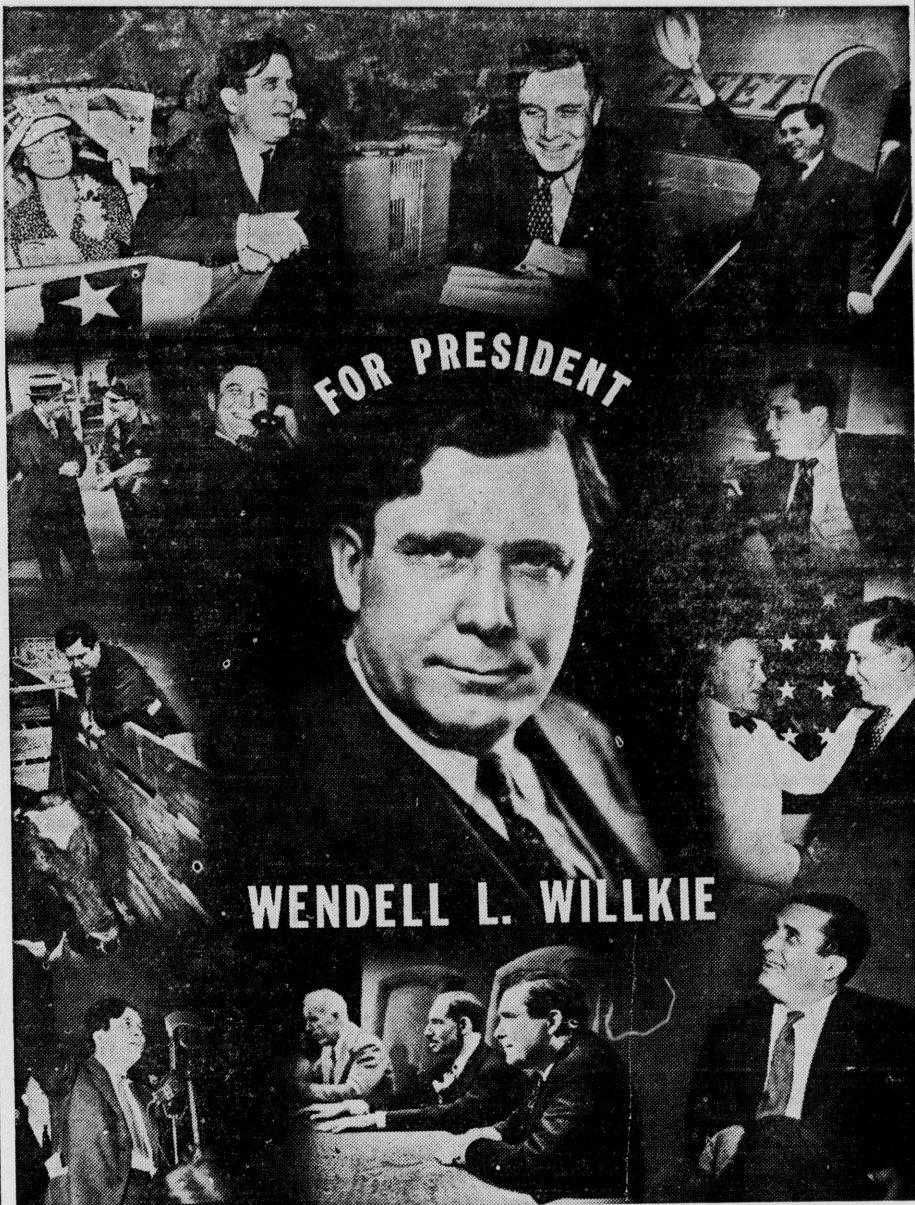

It was pointed out that city and county taxes cannot become delinquent on homes financed under the FHA plan, since they are prorated and paid monthly, with principal, interest and other fixed charges. Also, it was shown by comparison of records that counties most active in the FHA better housing program reached an all-time low for delinquencies during the past tax-paying period.

"All property owners might well borrow a worth-while idea in tax budgeting from the Federal Housing plan," declared D. C. McGinness, FHA district director. "Because taxes on homes financed under the FHA plan are included in the monthly rent-like payments home owners know that they never will be called upon to pay additional penalties, interest and advertising charges which become a part of every delinquent tax bill.

20. Mrs. C. E. Anderson will have charge of the program.

WENDELL WILLKIE MAN OF ACTION

Republican Candidate for President, Like Thomas Jefferson, Has Wide Interests.

In the two and one-half months since his unprecedented and spectacular nomination for the Presidency, by the Republican National Convention, Wendell Willkie has demonstrated to the country his dynamic personality and driving energy as well as his quick and clear mind.

Few men have ever been nominated for the Presidency who have as wide and universal an interest in many fields of endeavor as Wendell Willkie. In that respect he has been compared to Thomas Jefferson who was as well versed in architecture as he was in the law—knew as much about farming as he did about political philosophy.

Born 48 years ago in the small town of Elwood, Indiana, Wendell Willkie was educated for the law. But before he received his degree in that profession, he taught history in the high school at Coffeyville, Kansas; drove a bakery wagon; worked as a barker for a tent hotel in Aberdeen, South Dakota, as a field hand

in harvesting wheat in Oklahoma and as a laborer in California. He has labored in steel mills and sugar fields.

Once embarked on the practice of law, Wendell Willkie defended labor unions with his father; enlisted in the army the day this country declared war on Germany in 1917; became a lawyer for a rubber company; and finally went to New York, first as counsel for Commonwealth and Southern Corporation and then, when the sick company needed resuscitation, as its president. Even critical New Dealers always have paid tribute to Willkie's candor, honesty and ability.

Nurtured in a home filled with books, Wendell Willkie throughout his life has been a constant reader of books—all kinds of books. He reads rapidly and, with a photographic-like mind, retains what he has read. He demonstrated his rich background of information on the "Information Please" programs on the air and in motion pictures. He is a qualified authority on English

Constitutional history and writes much better than many professional writers. Had he not been a great lawyer, he would have been an outstanding newspaperman.

Though Willkie has sat among the great and learned, he has never lost his touch with his Indiana origin. Though he likes books, he likes people more. He is as much at home in conversation with a truck driver or farm laborer as he is with an industrial tycoon or college President. Typical of the man is the fact that his faith in American agriculture is so great that he placed the savings from his salary in Indiana farm land. Operating these farms on a 50-50 basis with tenants, Willkie now knows as much about farming as he does about law.

Indeed, like the Roman of old, Willkie might say "nothing human is foreign to me." But that thought would never occur to Willkie because he believes that when a man commences to compare himself to a Cicero or Napoleon, people had better look out for him.

BIG PROGRAM ARRANGED FOR LODI FESTIVAL

LODI — Prepared to entertain more than 100,000 visitors, residents of this city will play host at the seventh annual Lodi Grape and Wine Festival, September 13 to 15.

Pretty Barbara Gibbons has been named "queen" to rule over the festivities, and Victor McLaglen, Hollywood film star, will preside at the coronation ceremonies. J. W. Carter, general chairman of the Festival committee, announced today.

This year's celebration is to be featured by the staging of a mammoth spectacle, the "Tokay Cavalcade," in the new Municipal Stadium, Friday and Saturday nights. A cast of 600 persons will enact roles tracing the history of San Joaquin county from the time of the pioneers to the present day.

The three-day celebration will get under way with a kiddies' parade on Friday morning, and will include circus and vaudeville acts, athletic contests, and a display of choice grapes and wine produced in the Lodi district. Joining in the Festival will be the neighboring communities of Acampo, Woodbridge, Victor, Clements, Lockeford and Youngstown, all famous for their vineyards and wineries.

INSTALLS OFFICERS

Mrs. Catherine Plumb of the Laura Loma Parlor of Native Daughters installed officers of the Pleasanton Parlor last night. She was assisted by members of the local organization. Those attending from here included Susie Murphy, president; Mae Rose, Martha Crane, Isabelle Cahill, Ethel Fournier, Rose Fournier, Mary Bernard Fleecie Gomes and Della Crane. The annual dinner of the Niles parlor will be held at the Hawaiian Gardens in San Jose on Thursday night, September 26.

KRAFTMAN'S CLUB HOLDS ANNUAL PICNIC

The annual picnic for the Kraftsman's Club was held last Saturday at Linda Vista Park at Mission San Jose with 350 members and guests representing the Kraft tile plant at Niles. Twenty-one prizes were awarded for contests and 94 gate prizes were distributed. The club furnished coffee, beans, French bread and ice cream.

Jack Lewis was general chairman of arrangements and Mel Duffey acted as master of ceremonies. Others on the committee were J. DeValle, Tony Dutra, Mark Hattenhauer, Tony Franco, Jim Crawford, Blondie Schulte, Ernie Silva and Jim Stanhope.

Mrs. Eric Bergstrom of San Jose will entertain the Centerville

NEWARK SPORTSMEN TOLD THAT BASS ARE RUNNING NOW

NEWARK — The Newark Sportsmen's Club held their regular meeting Tuesday evening at Butler's Hotel with H. C. Mikkelsen presiding. A report was given on their recent dance at Swiss Park, and the returns show that the dance was a financial success. The following committee wishes to thank all those who made the dance the success that it was. William Calderia, chairman; Joseph Machado, and John Amaral.

John Lewis of Richmond was the speaker of the evening, and he notified the club members to go to Richmond now and catch bass, as striped bass are running there now while at Clear Lake both black bass and catfish are running well. It was pointed out that the Newark Gun field, one mile west of Newark, will be open in the near future for rifle practice and trap shooting. The next regular meeting will be held Tuesday evening, September 24 at Butler's Hotel according to R. A. Jolly, publicity chairman.

Birthday Club at her home today. Mrs. George Coit is the guest of honor.

James Emerson, son of Mr and Mrs George Emerson, has enrolled at Salinas Junior College.

SCOUT CUBS TO PICNIC SUNDAY AT CAMP DIMOND

The fifth annual Cub picnic will be held at Boy Scout Camp Dimond on Sunday, September 15, according to James Land, chairman of the affair. A record crowd of more than 1,500 are expected to attend. The Cub program is the younger boy program of the Scout Movement in which the parents participate, some serving as leaders, while all are connected with the achievement activity.

Like Scouting, Cubbing is neither military nor anti-military. It is for boys of all races, color, or creeds. The Cubmasters' Roundtable organization sponsors the annual gathering of Cubs, parents, and friends at the Scout Camp. The committee in charge announces that the program will open at 10 a.m. and the day's events will close at 3:30 p.m.

A special program of entertainment has been prepared, according to Paul Luyken, chairman of the Roundtable. A swimming and diving exhibition will be staged by members of the Y. M. C. A. and the Athens Athletic Club teams. The Oakland Tribune drum and bugle corps will also be on hand to help entertain the gathering.

The membership of the younger boys is constantly growing in the Oakland Council, which includes Emeryville and San Leandro, as well as the Southern part of Alameda County. According to Chet Weaver, Cub Commissioner, the membership now stands at the impressive figure of 1,563, which is more than double the membership at the same time two years ago. There are more than 200 volunteers serving as cubmasters, committeemen, and commissioners in order that this large number of boys between the ages of 9 and 12 may enjoy the younger boy program of the Boy Scouts of America. Cub work in this area is also financed by subscriptions to the Oakland Community Chest.

CENTERVILLE PLUMBER INSTANTLY KILLED ON NEWARK STREETS

NEWARK — Frank Leal Perreia, 45, Centerville plumber, was killed instantly in an automobile accident which took place Wednesday noon at the intersection of Central and Cherry, Newark scene of numerous fatal accidents during the past few years. According to a Centerville physician who examined Leal and treated the others injured, Leal's death was probably instantaneous.

Also injured was Joe Betten-court, 54, of 135 Parish avenue, Centerville, driving the car in which Leal rode. He was treated and sent to his home where back injuries were said to be not serious.

The driver of the other car, Louis Diethelm, of Box 278 Newark, dairy employee, was taken to O'Connor's Sanitarium where his injuries were not definitely determined but were not thought to be critical. No charges were made by the California State Highway patrolmen who investigated.

Perreia came to Centerville about three years ago from Stockton and is not known to have any relatives. The body was taken to the Berge Mortuary where funeral arrangements are pending.

YOUTHFUL DRIVERS CAUSE MOST DEATHS IN AUTO ACCIDENTS

SACRAMENTO — California's youthful drivers and pedestrians are showing alarming increases in number of deaths and injuries, according to James M. Carter, Director of Motor Vehicles, who today revealed that life is becoming much more dangerous for those under 20 years of age.

Fifty percent more pedestrians under 20 were killed the first six months of this year than during the same period last year, the report said. This despite a general decrease in the total of all motor vehicle deaths. Injuries to child pedestrians increased seven percent.

While there was a general increase of nine percent in death and injury accidents involving drivers, those under 20 showed an increase of 15 percent. At the same time youthful drivers were involved in fatal accidents 24 percent more frequently than last year.

WE WILL SUPPORT WILLKIE

From the DAILY OKLAHOMAN, Leading Democratic paper of Oklahoma City.

Wendell Willkie is a typical American. He was born in a modest home in a little town in Indiana of a poor but honorable family. He went through the school of hard knocks. He fought his way to the top. He worked and earned his way through college — a midwestern college. He had no wealthy parents to send him to private schools and to Harvard. He was not born with a gold spoon in his mouth. He taught school in Kansas. He was reared among the common people and likes them best. Although he has won fame and success, he has never gone high hat.

Wendell Willkie is a man of remarkable intelligence. He proved that when he was quizzed on the radio program of "Information Please." He has a trained legal mind. Even in college he made a high reputation as an orator.

The New Dealers plotted to squelch Willkie and his boom for president. They had Attorney General Jackson, the best spokesman for the New Deal, challenge Willkie to a public debate. Willkie accepted. Willkie literally made mincemeat of the attorney general. Jackson, who himself was seeking the democratic nomination for president or vice-president, was absolutely discredited. His political boom was punctured. Roosevelt had picked Jackson for his running mate but had to drop him after that debate.

Wendell Willkie is a great thinker and a keen analyst. He wins his debates by sheer logic, backed up by facts. His statements are straightforward, direct to the point, without camouflage. While he enjoys a debate and revels in a good, clean contest, yet he is more than a great orator, a great lawyer or a great business man.

Wendell Willkie has a profound knowledge of all of the affairs of the country — economic, politic and social. He believes in the democratic process, not in a dictatorial, one man government. He has truly said that in a nation of 130,000,000 people, no one man is indispensable.

Wendell Willkie is not a politician. The politicians of the Republican party did everything they could to prevent his nomination. It was the rank and file of the people who demanded his nomination and who forced it through the convention against the opposition of nearly all the old line Republican wheel horses. This is the first time in a century when the people have had an opportunity to select a man to the presidency who is not and never has been a politician. He is truly the people's candidate.

Wendell Willkie is a man of splendid physique, of exceptional intelligence, of kindly, straightforward manner and of charming, appealing personality. He will appeal to the common citizen because he is one of them and he has never lost the touch of the common-place. Nevertheless, he is at home among captains of industry and he can match his wits with the best legal minds in America. His integrity, energy and ability are unquestioned. He will restore order to the conflicting confusion and chaos in Washington.

Wendell Willkie will be elected and he will have the support of tens of thousands of Democrats in Oklahoma as well as in every other state. The OKLAHOMAN and TIMES will support him.

Builders Jubilee at Fair

Flower, Treasure Island Folies Bergere beauty, makes a pretty burden for workers Roy Clovis and Charlie Loomis as they prepare for Construction Industries Jubilee at the Golden Gate International Exposition, Sept. 12 to 15, inclusive. Roy and Charlie are also entered in the "Mr. Construction Industries" male beauty contest, one of the many events of the big four-day program.

CHALLENGE TO YOUTH

As they return to colleges and high schools for the fall term of grim 1940, America's adolescent boys and girls have understandable reason for doubting the future, doubting the value of sincere effort, doubting the worth of ideals. They have grown up as children in a nation beset by economic depression, and as they prepare to enter upon manhood and womanhood, the shadow of war spreads ominously. What solid ground remains upon which to build for usefulness security and happiness?

It is a pity that all American youth could not have heard, with new students at the University of California, the mighty challenge of the times as voiced by President Robert Gordon Sproul: the challenge that never has this nation been more desperately and deeply in need of tolerance, earnestness, willingness to sacrifice, and fidelity to democratic ideals on the part of her youth.

"This nation," declared President Sproul, "has shown an alarming tendency to grow soft while the rest of the world grows hard. American citizens, young as well as old, will have to devote less energy to insisting on the last iota of their rights and privileges, and more energy to the duties of cooperative citizenship, or the democracy in which we live will either disintegrate like a cracked flywheel or be destroyed by more powerful and consecrated peoples. If you are not as much interested in the welfare of others and in the preservation of democratic ideals as you are in yourself and your pet causes, and if you are not sufficiently concerned with the unity of this nation during a crisis to forego promoting dissension, then you have no business at the University of California."

Upon the manner in which youth meets that challenge, depends the fate of America in the not distant future. And upon the manner in which the vast majority of Americans of all ages meet it now, may depend the fate of America on a surprisingly near tomorrow.

The Willkie Volunteers, determined to maintain their "amateur standing", have limited their budget in California, for all purposes, to \$20,000—which means that the boys are really amateurs, not pretenders. But they make up in enthusiasm what they lack in cash. And the "regular" Republican organization will have to step lively to be in at the finish. It's a "different" kind of campaign!

Creditors of the 1939 World's Fair on Treasure Island who refused to bet on this year's show — and backed out, with 15 cents on the dollar — are sick about it now. The 1940 Exposition is paying off — 75 cents for every dollar put up by its backers.

PUBLIC DIVIDENDS

Next month, California patrons of the Pacific Gas & Electric Company will be handed the first installment of a \$5,000,000 "dividend payment" — a rate reduction which, in the course of a year, will account for that much or more in savings on gas and light bills. Both domestic and commercial consumers will benefit by the big reduction.

The State Railroad Commission, which is charged with the regulation of California utilities, refers to the forthcoming cut in P G & E rates as "the greatest single reduction ever made in any utility rate in the twenty-eight years of the commission's existence." It also notes that the current reduction is one of a series of drastic rate slashes effected by the company since 1936, which — in sum, total — will save consumers more than \$17,000,000 annually. And Commissioner Ray C. Wakefield in commenting on the latest reduction, reports that it was made possible "largely through increased earnings brought about by greater customer use of utilities during the past year."

It is not detracting from the credit due the State Railroad Commission, which has done an excellent job of scaling rates to earnings and protecting the public interest, to give a round of applause, also, to the progressive management and efficient personnel of the P G & E. For private power companies, in this era of business-baiting, have gotten many brickbats, but little of the credit actually due them. If the company had been slovenly directed and incompetently staffed, there would have been no "dividend payments" to consumers. And even the Railroad Commission could have done little to achieve an improvement.

Wrecking private business, as America has learned from costly experience, pays no dividends. But intelligent public regulation, backed up by intelligent business management, does pay dividends. The current rate reduction clearly establishes it.

Hiram W. Johnson, who scored one of the most notable victories of his 30-year career at the August primary (despite President Roosevelt's opposition), is the big question mark of the presidential campaign in California. What will Hiram do? Will he take the stump against the man who took after him? Nobody knows but Hiram. But a lot of worried politicians are wondering!

The present two-lane highway between San Martin and Gilroy, U.S. 101, a distance of 6.9 miles, is to be widened to a three-lane highway and improved with a new road bed, costing \$175,000, reports the San Jose Office of the National Automobile Club. The Division of Highways has completed the preliminary steps for the work and expects to push final action within the next two months. Bids will be published this month and construction started sometime in October.

MARINES DO GET TO SEE THE WORLD

A recent check-up shows that half of the original enlistments in the United States Marine Corps are of young men from 18 to 21, according to Postmaster Edward E. Enos.

The average marine recruit is somewhat taller than five feet nine inches and in the course of four years is almost certain to serve aboard a battleship or in some foreign land. In the same four year period, an average of 57 out of every 100 marines will receive one or more promotions to higher grades.

There are marines in Cuba, the Canal Zone, Hawaii, the Philippines, China, Guam, Alaska, etc. No marine ever seems to stay in one place long enough to get rusty, and when on duty in the states, he may be stationed at any number of interesting places on both coasts.

Information as to enlistment advantages may be obtained from Marine Corps Recruiting Stations, located at 46 Federal Office building, San Francisco, and in Post Office buildings in Oakland, San Jose, Stockton and Sacramento.

Carol and Hugh Waynflete, who have summered with their father, Walter Waynflete and family at Niles, are leaving San Jose Sunday on the streamliner to spend the school year with their mother at Carpinteria on the coast.

Fair's Pre-Ice Age Bison

They came big back in the pre-ice age days! This is a prehistoric bison restored from skeleton found near Mt. Shasta in California, and now on exhibit in the University of California science exhibit in the Hall of Science at the Golden Gate International Exposition. The exhibit, sponsored by the California Commission for the Exposition, has been one of the great drawing cards on Treasure Island, attracting thousands of visitors of all ages. Some idea of the spread of horns of the mammoth beast is gained by comparison with the size of Miss Betty Reed of Billy Rose's Aquacade, Treasure Island hit show.

The Grammar School opened Tuesday with an attendance of about eighty-five pupils, a great number being beginners. Twenty-five high school pupils get on the bus at Mission, but many more are picked up along the way.

There have been quite a few from our town who attended the State Fair at Sacramento this year. Among them were J. R. Telles and family, Mervin Telles and Dale Carithers, who did not exhibit any of his prize herefor this year.

Reverend Father Muller, who has been at St. Marys of the Palms for the past two years as Chaplain has been transferred to Antioch where he will resume his work.

Miss Eva Rogers, daughter of Mrs M. M. Rogers and Frank Meyer of Irvington were united in marriage in Reno, Nevada on Saturday afternoon September 7, at the Catholic Church. They will make their home in Irvington.

Mr and Mrs John Turner and sons, Jack and David, have left for Niles where they will make their future residence in their new home just completed.

Albert Frei of Fairfax spent several days at the home of his brother, Ernest Frei, this past week.

Mr and Mrs Joseph T. Semas have returned from a five day vacation spent in the Klamath River country and at the Oregon Caves.

On September 15 St. Marys of the Palms will celebrate "Home Coming" for all new and old members of the school.

The Fire department was called out on the Mission Grade on Saturday where a trailer was burning, and again on Monday evening to the Robert Gallegos estate where burning grass had set the wooden fence on fire. Very little damage was done to the fence but the trailer was a total loss.

Mrs Josephine Fernandez, whose late husband, Joseph A. (Fritz) Fernandez, was one of our able fireman, was made an "Honorary Member" of the department at their last meeting.

But "The Masses" were not so foolish, after all!

LESS LOUDLY NOW, you may still hear an occasional agitator blasting away at the American system of business—which depends on big factories, big networks of dealers, trade-marked goods, heavy advertising, and low prices.

'Agitators complained for years that "the masses" were injured by this system, and that we'd all be richer if we went back to the old cracker-barrel days.

But in spite of the complaints, little factories which have made dependable goods grew into big factories. Dealers insisted

on having trade-marked goods which their customers could recognize. And the heavy advertising helped to give us our modern newspapers, magazines and radio.

Who built this system? The masses built it, by insisting on crackers they could recognize in the package, on automobiles, soups, soaps, chewing gum, cigarettes, and all other articles that carried well-known trade names.

So the agitators have had to pipe down. They have discovered that "the masses" were not so easy to lead astray after all.

BOARD WILL BUY MORE LAND AT FAIR SITE

Supervisor George Hellwig has announced that the Alameda County Board of Supervisors has passed a resolution of intention to purchase the balance of the hundred acre tract in Pleasanton, which is to be the permanent site of the Alameda County Fair.

The transaction involves seventy five acres, the Board of Supervisors having purchased twenty-five acres last June at a cost of \$10,000. At that time, the Supervisors obtained a three year option to purchase the remaining acreage for \$30,000.

"The 1940 Fair was such a tremendous success," Hellwig stated, "that the Board of Supervisors decided to purchase the entire balance of the site immediately and proceed with the completion of the permanent structures. These will include a \$60,000 grand stand, an administration building, and a livestock building, which it is anticipated will be completed prior to the 1941 Fair. Bids will be asked for the construction of the grand stand, immediately after the consummation of the sale, which by law requires thirty days. The Board of Supervisors has already approved the proposed layout for the grounds and the plans for the grand stand."

In commenting on this, S. J. Whiting, President of the Alameda County Agricultural Fair Association stated: "Of particular importance to the people of Alameda County, is the fact that with no increase in the 1940-41 tax rate, such an essential facility can be acquired for the county. The Alameda County Fair is still in its infancy, but already it is attracting state-wide attention. If it continues to improve at the rate it has in the past, it will not be long

before it will be second only to the State Fair. Realizing this and being able to take immediate action is just another credit to the business ability and civic attributes of the Alameda County Board of Supervisors."

Other improvements will include the lowering of the center section of the present race track and the installation of a new half-mile track.

The fair is the historic old Pleasanton race track and was purchased from Elmer B. Stone and Nellie C. Harris.

TWO NEWARK BUSINESS PLACES CHANGE MANAGEMENT

NEWARK — This week in Newark we have two business places which changed hands over the weekend. George Panos has taken over the Newark Meat Market, formerly operated by Paul Mene-trey. Mr Panos will have a complete line of meats. Joe Martel, mechanic at the Newark Garage, and Henry Marshall, stove mounter at the Wedgewood Stove plant have taken over Pedro's restaurant and auto camp, formerly operated by Mrs G. Pedro. Martel and Marshall have remodeled and redecorated their new business and have a complete new line of stock in both home cooked meals and soft and hard drinks. Mrs Martel and Mrs Marshall, wives of the partners will have full charge of the business, and promise a swell merchant's plate lunch at reasonable prices.

COMMODITY LOAN ON 1940 CROP OF DRIED PRUNES

SAN FRANCISCO — The U. S. Department of Agriculture announced today approval of a Commodity Credit Corporation loan not to exceed \$8,000,000 on not over 120,000 tons of California 1940 crop natural condition dried prunes to be available to growers and associations of growers through June 14, 1941. The loan was recommended by the Secretary of Agriculture and approved by the President.

The commodity loan is to be made on prunes delivered to the Proration Program committee in accordance with the state prune marketing program under the California Agricultural Prorate Act. This committee administers the prune marketing program for the state. Under the program 38 percent of the estimated 1940 production of 187,000 tons of standard quality prunes produced will be delivered by growers to form a surplus pool.

Prunes in the stabilization pool will be eligible for a loan at the rate of 2½ cents per pound basis for three district prunes, and 2¼ cents per pound basis for outside district prunes. Imperial and sugar prunes of the sizes 41 to the pound and smaller are to be classified as outside district prunes and those of the sizes 40 to the pound and larger are to be classified as three district prunes.

California Boy Champ Arrives for Final Meet

HERE'S Paul H. Chamberlain, of Auburn, California's state champion boy automobile driver. He's shown as he arrived at the Ford Motor pavilion at the New York World's Fair, ready to compete in the finals to determine the national boy driving champion. Chamberlain's expenses, and those of an adult sponsor chosen by himself, were paid by the Ford Good Drivers League. At the first annual Champions' Banquet at the Ford pavilion on Aug. 29, Edsel Ford, president of the League, was scheduled to award the prizes—48 university scholarships with an aggregate value of \$30,000. The object of the League is to promote safety on the highways by teaching every boy in America to drive expertly. It has a membership of scores of thousands of boys in all parts of the country.

FAIR ADMISSION FOR STURDAY 25c AT P. G. & E.

One of the big days of the rush period of the final fortnight of the Golden Gate International Exposition is to be P. G. and E. Day, set for Saturday, September 14. Committees of employees in every division are busy promoting interest. Indications point to an even larger attendance of company folk than on a similar occasion last year when employees and their families flocking to Treasure Island numbered more than 15,000.

This year the public in general is invited to join with P. G. and E. in the celebration. By special arrangement with the Exposition management, tickets of admission regularly selling at 50 cents are to be obtained at all P. G. and E. offices at 25 cents with no limit upon the number that may be bought.

Special entertainment for everybody on the Island will be presented in the early afternoon in the Federal Plaza. Participating will be such widely-known radio aces as John B. Hughes, Armand Girard, Benny Walker and Judy Dean. Employees and their families and friends are to have a party of their own at night, with a floor show and dancing in the Machinery Hall, which fronts on the Court of Honor and faces the Tower of the Sun.

SERVICES HELD FOR CHINESE FARMER

Funeral services for Fong Yick, 51, Chinese farmer who had lived on the California Nursery tract for 20 years were held Wednesday morning from the Berge Mortuary in Niles, thence to the Chinese Cumberland church in San Francisco and the Mt. View cemetery in Oakland where burial took place.

The deceased is survived by his widow, Anne and six children, Mrs Ada Belle Lum, John, Joseph, Joshua, Inez and Rosie. He passed away suddenly at his home last Saturday, supposedly of a heart attack.

CIVIL SERVICE POSITIONS OPEN

The Alameda County civil service commission located in room 205, courthouse at Oakland, announces the following positions are open, for which fillings must be made at an early date: senior librarian, \$150; creamery man, \$110; milker, \$100; radio operator, \$170 and graduate nurse, \$125. The salaries named are monthly. Full details may be secured at the county courthouse.

David Witherly entertained a number of his former friends and classmates from Stanford over the weekend.

WILLKIE TO SPEAK SEPTEMBER 21 AROUND THE BAY

With a special train coming from Nevada and auto caravans coming from many parts of northern and central California, San Francisco today prepared to give Wendell L. Willkie, presidential candidate, a rousing acclaim when he arrives here Friday night, September 20, for a day's stay. The train will arrive in San Francisco at approximately 8:45 p.m.

On Saturday, September 21, Willkie and his party, will leave the Palace Hotel in San Francisco at 9 a.m. for a caravan trip around the city. At 11:10 a.m. the party will visit Lakeside Park, Oakland for a talk and will participate in a parade through Oakland.

At 1 p.m. Saturday, September 21, the group will visit Treasure Island where Mr and Mrs Willkie will be guests of honor at a luncheon. A short talk will end the affair and the presidential candidate and his party will return to the hotel at 3 p.m.

From the San Francisco auditorium where he will speak at 8 p.m. the candidate and his party will proceed to the train where they will leave for Portland and a northwest tour before heading back through the middle west.

HERBERT C. WILSON GIVEN 80 DAYS FOR DISTURBING PEACE

(Special to The Register)

Herbert C. Wilson, formerly of Niles Canyon, was found guilty of disturbing the peace on a charge filed by his estranged wife, Julia, and was sentenced to 80 days in the Alameda County Jail after a court trial before Judge J. A. Silva at the Niles Justice Court last week.

A 60-day sentence imposed for violation of probation following conviction on a similar charge at the Centerville court about two weeks ago was made to run concurrently with the above.

Daughters of Mrs Wilson and neighbors testified Wilson had been at Mrs Wilson's home in an intoxicated condition and had used abusive and profane language. Witnesses for the prosecution included Mrs Ethel Williams, Mrs Eugene Franco and Mrs Juanita Oswald.

CARMEL COUPLE HURT IN WARM SPRINGS ACCIDENT

WARM SPRINGS — Mr and Mrs H. A. Heyn, both 58, of Carmel were treated at the San Jose hospital for injuries received when their car crashed into a telephone pole at Prune Avenue and the Irvington-Warm Springs road last Friday morning.

The accident took place after the Heyn car attempted to pass a truck driven by James Fudenna, 24, of Irvington as he was making a left-hand turn. Heyn is said to have lost control of his car when he noticed the left-hand signal. Fudenna was not held after investigation by Deputy Sheriff Wallace Ebright and Highway Patrolman Duffey Lewis.

Clubwoman: Wageman: Homewoman—

SHE'S THE SAME PERSON, when she goes to a store.

At her club meeting, it's kind of fun to hear some radical lecturer "prove" that most manufacturers are slickers, most store cheese is chalk, and most advertising is ballyhoo.

But watch the clubwoman when she starts buying. She wants her money's worth and she gets it. How? By first consulting the advertisements. Then by choosing the products she knows—the trade-marked, nationally advertised products that have been on the market for years.

Those trade-marked, advertised articles are the ARISTOCRATS among all the things she buys—or that any of us can buy.
